

## SR61 Belt Holster Instructions

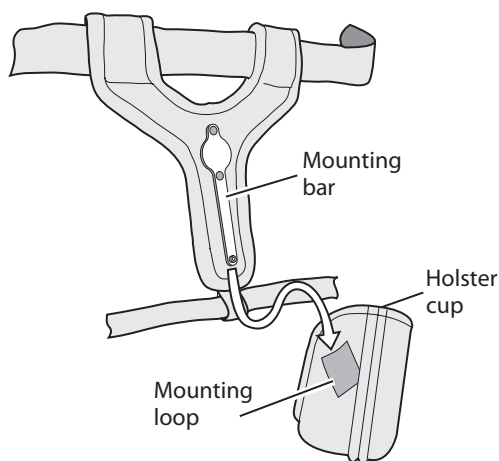

The SR61 belt holster (P/N 825-179-xxx) provides you with a convenient way to carry the SR61 Cordless Scanner when you are not using it. The versatility of the holster allows you to use it on your left or right side whether you want to reach straight down or across your body for your SR61. These instructions describe how to configure and wear the belt holster.

### To configure the holster

- 1 Remove the Phillips screw from the mounting bar.

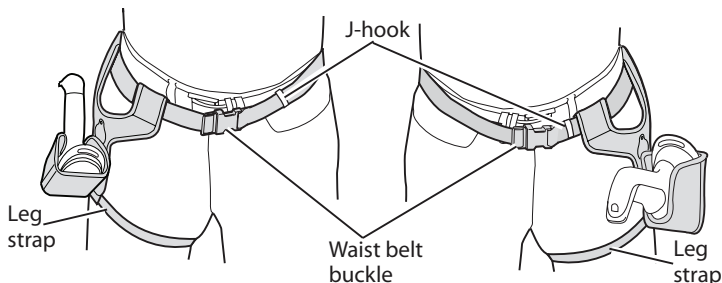

- 2 Slide the holster cup down and off of the mounting bar.

- 3 Insert the mounting bar into the other mounting loop on the holster cup.
- 4 Replace the screw in the bottom of the mounting bar.

### To put on the holster and belt

- 1 Slide the holster to the appropriate side of the belt.
- 2 With the holster on the outside of your thigh, buckle the belt around your waist.

- 3 Adjust the belt so it is snug and comfortable for you, and secure the loose end of the belt in the J-hook.
- 4 Buckle the leg strap around your thigh.
- 5 Adjust the leg strap so it is snug and comfortable for you.
