

SG20HC SR31HC SF61HC

Approved
Disinfectants

Purpose

This document defines the lists of products used to test the healthcare versions of the SG20, SR31, and SF61 healthcare scanners and their accompanying accessories.

Scope

Substances

All common disinfectants used for anti-bacterial and anti-viral disinfecting in healthcare environments

Products

- Healthcare versions of the SG20 and base station/charger accessories
- Healthcare versions of the SR31 and stand/holder accessories
- Healthcare versions of the SF61

Results

The parts passed the tests with no noticeable effects on the plastics. Products were subjected to temperature and drop tests to confirm that the parts were still in specification after the test.
