Today’s retailers need mobile devices that can help them deliver a consistent, high-quality experience across channels to their customers. Ideally, they want a single device that can handle it all – from order picking at the distribution center to in-store merchandising and home delivery.

Introducing the Honeywell Dolphin™ CT40 mobile computer. Designed for retail store associates and other highly mobile workers, the lightweight, ergonomic Dolphin CT40 is a sleek and stylish enterprise-class, full-touch device that helps improve worker productivity and minimize fatigue. Equipped with a high-performance octa-core chipset, fast Wi-Fi, and 4G LTE connectivity, the Dolphin CT40 mobile computer gives associates quick access to business-critical information whenever they need it. The Dolphin CT40 device is built tough with a rugged housing and Corning® Gorilla® Glass 5 screen to protect the unit against drops and falls.

Built on Honeywell’s Mobility Edge™ platform, the Dolphin CT40 mobile computer is upgradable across five generations of Android™, providing a lower overall TCO and maximizing return on customer investment. And it’s validated by Android Enterprise Recommended, a Google-led initiative that helps businesses confidently select, deploy, and manage the Android devices and services best suited to their enterprise needs.

Compatible with a broad range of Honeywell connected applications, third-party software, and a comprehensive portfolio of accessories, the Dolphin CT40 mobile computer is more than just a hardware device. It’s a highly integrated solution for retail and light-duty field mobility environments – from the shop floor and the backroom indoors to light-duty logistics and delivery outdoors.

**FEATURES & BENEFITS**

The Mobility Edge enterprise management tools allow companies to test and validate applications once, accelerate deployments across the enterprise, optimize device performance, simplify maintenance, and extend product lifecycle.

Future-proof investment protection with support for five Android generations, starting with Android 7.1 (N). Security updates available for up to two years past the last Google patch through Honeywell Sentinel.

Easy compatibility and seamless integration with both Honeywell Connected applications as well as third-party applications such as MDM, Push to Talk, and VoIP software to maximize efficiency and protect your investment.

The rugged, sleek Dolphin CT40 device is ergonomic, lightweight, and simple to use, fitting easily in the hand and able to be used comfortably and productively all day long.

Three scan engine options offered for enhanced data capture speed and reading range, even outdoors; choose user-friendly green LED dot or sharp red frame laser aimer.

Built on the future-proof Mobility Edge platform, the sleek and versatile Dolphin CT40 mobile computer enables retail associates and highly mobile workers to increase productivity and deliver a seamless customer experience throughout the day.
Dolphin CT40 Technical Specifications

MECHANICAL
Dimensions: 162 mm x 77 mm x 18.2 mm (6.4 in x 3.0 in x 0.7 in)
Weight: 278 g (9.8 oz) with battery pack
Display Size: 12.7 cm (5.0 in) TFT
Resolution: High Definition (1280 x 720)
Backlight: LED
Touchscreen: Multi-touch capacitive, Gorilla Glass 5
Hard Keys: Volume up/down key, left/right scan, power button
Soft Key: On-screen scan button, reprogrammable into an application quick-launch key
Audio: 3.5 mm jack**, PTT, VoIP ready, speaker, HAC-compliant
I/O Ports: Durable, custom IO connector

ENVIRONMENTAL
Operating Temperature: -20°C to +50°C (-4°F to +122°F)
Storage Temperature: -30°C to +70°C (-22°F to +158°F)
Humidity: 10% to 90% (non-condensing)
Drop: Multiple 1.2 m (4 ft) drops to concrete at -10°C to +50°C (+14°F to +122°F). Multiple drops from 1.8 m (6 ft) to concrete per MIL-STD-810G with rubber boot
Tumble: 1,000 times at 0.5 m (1.6 ft)
ESD: ±8 kV direct; ±12 kV air
Environmental Sealing: Independently certified to meet IP64 standards for moisture and particle intrusion

SYSTEM ARCHITECTURE
Processor: 2.2 GHz Qualcomm® Snapdragon™ 660 octo-core
Memory: 2 GB or 4 GB DDR4 RAM, 32 GB Flash
Operating System: Starts with Android 7.1 Nougat; available with Android 8.1 Oreo; upgradeable through Android R
Default Language: World Wide English
Storage Expansion: User-accessible microSD card up to 512 GB (SDXC/SDHC/SDIO-compliant)
Battery: Li-Ion, 3.8 V, 4090 mAh/4040 mAh; smart battery with integrated diagnostic tools
Hours of Operation: 12+ hours
Scan Engine: Honeywell N3601, N6603, N6703 Slim Imager (1D/2D barcode symbologies), Honeywell SDKs for Android
Application Software: Honeywell utilities and demos
Camera: 13-megapixel color camera with autofocus
Sensor: Ambient light sensor, proximity sensor, accelerometer, gyroscope

WARRANTY
One-year factory warranty
