

Product profile

# Duratran I Paper Label

Thermal Transfer Paper

- Duratran I Labels provide high-quality printing at an economical price for most general use applications
- Matched with the new co-engineered TMX1405 ribbon
- Take From Stock part numbers are available, bundled with the TMX1405 ribbon configured for Intermec's most popular printers.

## Duratran I Paper Label

Intermec's Duratran I paper label is a coated, thermal transfer paper label that provides an economical solution to most general-purpose labeling applications. Duratran I offers high-quality printing when paired with the co-engineered TMX1405 wax ribbon. Duratran I paper labels are offered with a robust general-purpose adhesive that is well-suited for use on corrugated containers and many other common substrates. This label stock is ideally suited for applications such as:

- Shipping labels
- Inventory tracking label
- Work in process
- Receiving label
- General-purpose labeling

## Better Together

The Intermec media solution has added advantages when paired with Intermec printers:

- Co-engineered printers and media ensure consistent print quality and performance
- Thermal transfer printability allows on-demand generation of durable labels, eliminating high cost and inventory obsolescence associated with preprinting
- When Intermec media is used exclusively with Intermec printers, the Free Printhead Replacement Program offers significant cost savings

## Product Characteristics

### Face Stock

**Description:** Coated Paper Label  
**Physical Attributes:** 2.6 – 2.8-mil

### Adhesive

**Description:** Acrylic permanent  
**Physical Attributes:** 0.5-mil

### Liner

**Description:** 40# white kraft  
**Physical Attributes:** 2.0 -2.4 mil

### Ribbon Compatibility

TMX1405

### Outdoor Use

Not recommended for outdoor use

### Environment

**Storage Temperature:** 40°F to 80°F  
**Storage Humidity:** 35% to 70%  
**Shelf Life:** 12 months  
**Minimum Application Temperature:** 40°F  
**Service Temperature:** -65°F to 200°F
