Subject: Conflict Minerals

**Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act
relating to the use of Conflict Minerals.**

Dear Customer:

Honeywell Safety and Productivity Solutions is committed to comply with all laws and regulations applicable to our business including the Conflict Minerals laws and regulation regarding the sourcing of Tantalum, Tin, Tungsten and Gold (3TG) from certain mines within the conflict regions of the Democratic Republic of the Congo and bordering countries.

Honeywell has taken the appropriate steps to comply with the Conflict Minerals law and the implementing regulations. The Conflict Minerals Reporting Template (CMRT) is created by the Responsible Minerals Initiative (RMI) supporting companies to deliver information to their customers about mineral country of origin and the smelters and refiners they used in the supply chain.

For further information regarding Honeywell's compliance efforts, please see the Honeywell Conflict Minerals Policy here; www.honeywell.com/investor/conflictmineralsmissionstatement

We will provide, on request, an up-to-date CMRT on the most recent version of the template. For our latest CMRT, please contact: ProductStewardship.SPSPP@Honeywell.com
