

Demos Addendum for D6510/D6110

The D6110/D6510 use Windows CE 6.0.

The D6110/D6510 do not have GPS, so GPS Demo is not supported.

The following Demos are supported:

Scan Demo

Image Demo

IQ Imaging Demo

Print Demo

Signature Capture

When upgrading, download Honeywell Power Tools and Demos for D6x10 WinCE 6.0 Setup.exe and Honeywell Power Tools and Demos.msi to the workstation. Then click the Honeywell Power Tools and Demos for D6x10 WinCE 6.0 Setup.exe to install.

After installation on the workstation is complete, the upgrade files are (by default) stored on the workstation at **C:\Program Files (x86)\Honeywell\D6X10 Device Power Tools and Demos WinCE 6.0**.
