Out of the Box

Make sure that your shipping box contains these items:

- CT50 Vehicle Power Adapter (CT50-MC)
- Quick start guide and regulatory compliance sheet

If any of these items are missing or appear damaged, contact your Customer Account Representative. Keep the original packaging in the event that you need to return the Vehicle Power Adapter (VPA) for service or if you want to store the adapter while not in use.

Caution: We recommend the use of Honeywell accessories and power adapters. Use of any non-Honeywell accessories or power adapters may cause damage not covered by the warranty.

Mise en garde : Il est recommandé d’utiliser les pièces d'origine de Honeywell. L'utilisation de tout autre accessoire, cordon d'alimentation ou adaptateur secteur d'une autre marque est susceptible de provoquer des dommages non couverts par la garantie.

CT50 Vehicle Power Adapter

Quick Start Guide

Connect to vehicle power port

The VPA supplies 2 A to the CT50. The operating temperature is -20 °C to 50 °C (-4 °F to 122 °F).

Connect Power

The VPA supplies 2 A to the CT50. Connect the CT50 to vehicle power port.

Quick Start Guide

1. Insert the CT50 into the VPA cup.
2. Plug the VPA connector into the vehicle power port.

Europe

The CE marking indicates compliance to 2004/108/EC EMC Directive with Standards EN55022 CLASS B, EN55024, EN61000-3-2, EN61000-3-3, 2011/65/EU ROHS (Recast). In addition, complies to 2006/95/EC Low Voltage Directive, when shipped with recommended power supply.

Use only shielded cables with this system. This unit has been tested with cables less than 3 meters. Cables greater than 3 meters may not meet class B performance.

Conformité à la réglementation canadienne

Cet appareil numérique de la Classe B est conforme à la norme NMB-003 du Canada. Son fonctionnement est assujetti aux conditions suivantes :

1. Cet appareil ne doit pas causer de brouillage préjudiciable.
2. Cet appareil doit pouvoir accepter tout brouillage reçu, y compris le brouillage pouvant causer un fonctionnement indésirable.

Charge the CT50

Caution: Make sure that all components are dry prior to using the computers and batteries with accessories. Using wet components may cause damage not covered by the warranty.

Mise en garde : Assurez-vous que tous les composants sont secs avant de connecter les terminaux/batteries à des périphériques. L'insertion de composants humides risque de provoquer des dommages non couverts par la garantie.

- Insert the CT50 with battery inserted into the VPA for at least 6 hours for full charge.

Agency Information

FCC Part 15 Subpart B Class B

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reseat or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/television technician for help.

Industry Canada ICES-003

This Class B digital apparatus complies with Canadian ICES-003. Operation is subject to the following conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Conformity to the radiation category

Cet appareil numérique de la Classe B est conforme à la norme NMB-003 du Canada. Son fonctionnement est assujetti aux conditions suivantes :

1. Cet appareil ne doit pas causer de brouillage préjudiciable.
2. Cet appareil doit pouvoir accepter tout brouillage reçu, y compris le brouillage pouvant causer un fonctionnement indésirable.

Honeywell is not responsible for the selection and use of software and/or hardware to use with its products.

A marcação CE indica que o dispositivo está de acordo com a diretiva 2004/108/EC EMC e com os padrões EN55022 Classe B, EN55024, EN61000-3-2, EN61000-3-3, 2011/65/EU ROHS (Recast). Ademais, cumple con la Directiva 2006/95/EC sobre el material eléctrico destinado a utilizarse con determinados límites de tensión, cuando se envía con una fuente de alimentación recomendada.

Honeywell will not assume responsibility for the use of its products with equipment (e.g., computer systems, power supplies, etc.) that do not carry the CE mark or do not comply with the Directiva sobre las limitaciones de voltaje de baja tensión.

Use cables with a shield for data. This system has been tested with cables less than 3 m in length. Work characteristics of cables longer than 3 m may not satisfy the performance of Class B.

See www.honeywellaidc.com/environmental for information on RoHS / REACH / WEEE.

El marcado CE indica que el dispositivo está de acuerdo con la Directiva 2004/108/EC EMC y con los estándares EN55022 Clase B, EN55024, EN61000-3-2, EN61000-3-3, 2011/65/EU ROHS (Recast). Además, cumple con la Directiva 2006/95/EC sobre el material eléctrico destinado a utilizarse con determinados límites de tensión, cuando se envía con una fuente de alimentación recomendada.
